**NEVADA GAMING COMMISSION RESOLUTION
ON THE INTERSECTION OF MARIJUANA AND THE GAMING INDUSTRY**

Whereas at its August 24, 2017, meeting, the Nevada Gaming Commission (Commission) discussed issues related to marijuana and the gaming industry. Specifically, the Commission considered the following topics:

1. Events on the premises of a licensed gaming establishment that cater to or promote the use, sale, and cultivation or distribution of marijuana.
2. Contracting with or maintaining a business relationship with an individual or entity engaged in the sale, cultivation or distribution of marijuana.
3. Licensees receiving financing from or providing financing to an individual, entity or establishment that sells, cultivates, or distributes marijuana.

Therefore, be it resolved that the Nevada Gaming Commission (Commission) reaffirms, based on provisions of the Nevada Gaming Control Act, Commission Regulations and federal law and regulation, that gaming licensees shall not participate in the marijuana industry. Moreover, the Commission reminds gaming licensees of the existing prohibition against public consumption of marijuana set forth in Nevada state law. Licensees should take care to ensure that any events on the premises of a licensed gaming establishment do not promote illegal activities or foster incidents which might negatively impact the reputation of Nevada's gaming industry. Licensees should not contract with, maintain business relationships with, or provide financing to individuals, entities or establishments that sell, cultivate or distribute marijuana and should avoid all transactions and associations that may implicate them under federal law, including financial crimes related to the receipt of proceeds from unlawful activities.

In accordance with the state's policy of strict regulation of gaming, set forth in NRS 463.0129 of the Gaming Control Act, and commensurate with the outline of unsuitable methods of operation detailed in Regulation 5.011 the Commission reminds all licensees that involvement with the marijuana industry through events, business relationships or financial transactions may be a violation of the Gaming Control Act and advises licensees to exercise discretion and sound judgment to 1) follow all applicable laws, and 2) to avoid any incidents that might negatively affect the reputability of the State of Nevada and the gaming industry. It is worth reflecting on the over half-century this state and its gaming licensees have spent building the current strong reputation of Nevada gaming. Nevada's gaming regulators intend to protect this hard won reputation, which is central to future development of the industry and to Nevada's leading position in it.

Please be advised that this Resolution is intended to provide guidance to licensees as to the Commission's understanding and sense of current Nevada law and regulation and of federal law. Nevada licensees are encouraged and advised to conduct their own due diligence reviews and to consult with private legal counsel regarding any specific fact patterns implicated by this Resolution.

DATED this 21st day of September, 2017

NEVADA GAMING COMMISSION

TONY ALAMO, M.D., Chairman
